

TROOP JUNIOR LEADER ORGANIZATIONAL CHARTS

Troops come in many sizes. Those that are just starting out or that are in small towns might not have many members, but boys filling the most vital leadership positions can still put the Scouting program into action. As troop membership grows, additional leadership positions can be filled until the full roster of leaders is complete.

Sample Junior Leader Organizational Chart for a Large Troop

In this sample, there are enough members to fill all of the patrols and leadership positions.
